

# Claim Prevention Tips Can Upgrade Customer Experience and Mitigate Losses

*Claim prevention tips can improve customer experience and prevent losses.*

Claim prevention tips give personal lines insurers ample opportunities to upgrade customer experience and mitigate losses. Catastrophic (CAT) events such as hurricanes Harvey and Irma are reminders of why providing critical information to policyholders will quickly become a best practice.

As I explain in [my blog for SPLICE Software](#), directly delivering useful safety and loss prevention information to customers via their communication channel of choice — such as text messages — allow insurers to tangibly demonstrate their commitment to policyholder protection.
